

INVESTMENT CASTING INSTITUTE BIBLIOGRAPHY

SECTION 9
MISCELLANEOUS

| YEAR | INDEX # | SOURCE # | TITLE | PAGE AMOUNT |
|------|---------|----------|--|-------------|
| 1980 | 9:46 | 22 | Equipment for the eighties featuring energy conservation and productivity Geoffrey W. Paget | 5 |
| | 9:47 | 22 | Panel discussion on developments to burnout oven design and waste heat utilization | 4 |
| | 9:48 | 26 | Titanium Precision Investment Castings John K. Thorne | 9 |
| | 9:60 | 26 | The economic/design aspects of titanium castings for aerospace applications W. J. Barice | 17 |
| | 9:61 | 26 | Progress in metals for investment casting and the impact on available raw materials worldwide J. A. Snapp | 12 |
| | 9:62 | 26 | The segmented mold - A new casting process for gas turbine nozzles. W. S. Blazek and T. S. Piwonka | 13 |
| | 9:63 | 26 | New developments in equipment for the precision investment casting industry G. W. Paget | 17 |
| 1981 | 9:64 | 31 | Coordinate Measuring Machines - Investment Casting Application James A. Capadona | 8 |
| | 9:65 | 31 | Taurus Positioning Arm James T. Cackler | 11 |
| | 9:66 | 31 | The Ironcollar Worker - A State of the Art Report Walter K. Weisel | 6 |
| | 9:67 | 31 | Automation Beyond the Shell Room J. Hockin and J. Brown | 11 |
| | 9:68 | 31 | Automating a Mold Dip Line Bob Samson, Rick Kovach, Ed Baker | 3 |
| | 9:69 | 31 | Recovery of Silver from X-Ray Film H. Rosenthal | 6 |

INVESTMENT CASTING INSTITUTE BIBLIOGRAPHY

| YEAR | INDEX # | SOURCE # | TITLE | PAGE AMOUNT |
|-------------|---------|----------|---|-------------|
| | 9:70 | 31 | Waste Heat Recovery System Richard J. Charlton, W. S. Lutz, Jr., R. Rogolsky, Robert Abramson | 33 |
| 1983 | 9:71 | 35 | Some Fundamental Aspects of Hot Isostatic Pressing Prof. G. W. Greenwood | 8 |
| | 9:72 | 35 | Cast+HIP Forged. - A New Outlook for Casting Manufacture B. A. Rickinson | |
| | 9:73 | 35 | An In-Depth Survey of the US Investment Casting Industry R. J. Barbero, Gray-Syracuse Inc. | 13 |
| | 9:74 | 36 | Industrial Ventilation John Garrett | 2 |
| | 9:75 | 36 | Panel Presentation on Hollow Casting Defects ICI | 9 |
| | 9:76 | 36 | Hot Isostatic Pressing Technology V. K. Chandhok and R. A. Ruffing | 25 |
| | 9:77 | 36 | (A) Review of Papers presented at the 1983 Czechoslovakian Conference: H. T. Bidwell (B) Review of Papers Presented at the 1983 BICTA Conference: R. J. Barbero | 7 |
| 1984 | 9:78 | 37 | Use of Grimm's Glow Discharge Lamp for the Spectrochemical Analysis in an Investment Foundry G. Rotamartir | 5 |
| | 9:79 | 37 | Investment Casting Industry: Current and Future Market Trends G. Gould and C. G. Baker | 16 |
| 1985 | 9:80 | 38 | The T700 Engine - Designed for Investment Castings E. F. Bishop, J. N. Fleck, T. M. Regan; General Electric Company | 16 |
| | 9:81 | 39 | A Profitability Study of Small Investment Foundries By: D. J. Richardson, Dowty Precision Castings Ltd. | 13 |
| | 9:82 | 39 | Hot Isostatic Pressing for the Improvement of Castings By: D. J. Roberts, HIP Ltd | 8 |
| | 9:83 | 39 | Manufacture of Jewelry by the Lost Wax Process By: P. J. Horton, Hoben Davis Ltd. | 10 |
| 1986 | 9:84 | 40 | Welding Aerospace Quality Castings W. H. Simon and D. W. Harvey, United States Welding Corporation | 33 |

INVESTMENT CASTING INSTITUTE BIBLIOGRAPHY

| YEAR | INDEX # | SOURCE # | TITLE | PAGE AMOUNT |
|-------------|---------|----------|--|-------------|
| | 9:85 | 40 | A Review of CAD/CAM Systems for Use in Investment Casting and Sand Foundries ThomasSchell, Stainless Foundry & Engineering Inc. | 5 |
| | 9:86 | 40 | The Effect of HIP on the Properties of Cast Precipitation Hardening Alloys C. C. A. Johnson, Naval Weapons Center | 11 |
| 1987 | 9:87 | 42 | Energy Monitoring and Target Setting John Henson, Steel Castings Research & Trade Assoc. | 12 |
| | 9:88 | 42 | Hot Isostatic Pressing of Cast Aluminium Alloys B. A. Rickinson, L. E. Tidbury, A. O. Hall and P. Webster, HIP Ltd. | 9 |
| 1988 | 9:89 | 43 | Communicating Quality Paul Sims, Paul Sims Associates | 4 |
| | 9:90 | 43 | Education and Research—The Coming Crisis in the Investment Casting Industry Thomas S. Piwonka, The University of Alabama | 7 |
| | 9:91 | 44 | Modern Lines of Research and Development in Precision Casting Peter R. Sahn, Foundry Institute, Aachen Institute of Technology | 40 |
| | 9:92 | 45 | The Replicast Ceramic Shell Process: Practice and Potential J. A. Reynolds, Steel Castings Research & Trade Association, Sheffield, England | 7 |
| 1989 | 9:93 | 44 | Student-Industry High Temperature Materials Seminar - A Unique Concept of Hands-on Education John F. Radavich, Purdue University | 3 |
| | 9:94 | 45 | Environmental Liability in the Investment Casting Industry Randy Boig, ERM West, Inc. | 9 |
| | 9:95 | 45 | Statistical Process Control in the Investment Casting Industry Vic Maya, Consultant | 13 |
| | 9:96 | 45 | The Identification of Long-Range Research Opportunities for the Daniel L. Twarog, American Foundrymen's Society, Inc., and Bruce Barron, BarronCast | 32 |
| | 9:97 | 45 | Investment Casting Production Scheduling and Control System Software Timothy L. Coghill, Pro*Systems, Inc. | 7 |
| | 9:98 | 45 | Investment Casting in the USA 1989 Thierry N. Thys, Precision Founders, Inc. | 7 |
