

2021 Grand Rapids Michigan Technical Conference and Expo Safety Protocols

- The ICI will not be checking vaccination cards or conducting pre-screenings
- All guests will be requested to comply with standing CDC conference recommendations, which at this time require masks be worn by attendees that have not been vaccinated
- All attendees are encouraged to wear masks, as recommended by ICI liability insurer
- No self-serve buffets – servers will do all food handling
- Automatic touchless coffee urns
- Hands-free access to lavatories
- Social distancing will be accommodated for in the Technical Conference hall (two delegates per table)
- Contactless hotel check in / digital key with Hilton Honors AP
- Hand sanitization stations in all areas
- Expo and Receptions will be conducted as in the past except as previously noted
 - No Restrictions on number of exhibitors per booth
 - No Restrictions on number of Expo visitors

Note: These protocols based on Michigan, Federal Government and CDC recommendations/requirements.
